

## **Simona Onori**

**Bio: Simona Onori** is an Assistant Professor at Stanford University in Energy Resources Engineering and Director of the Stanford Energy Control Lab ([onorilab.stanford.edu](http://onorilab.stanford.edu)). Prior to Stanford, she was an Assistant Professor at Clemson University-International Center for Automotive Research. Prof. Onori held a control research position at Thales-Alenia Space, in Rome, Italy where she worked on developing control algorithms for satellite control attitude stability. She was a Research Scientist with the Center for Automotive Research and lecturer in the Mechanical Engineering Department at The Ohio State University. Simona Onori received her Laurea Degree, summa cum laude in Electrical and Computer Engineering from University of Rome 'Tor Vergata', her M.S. in Electrical Engineering from the University of New Mexico, and her Ph.D. in Control Engineering from University of Rome 'Tor Vergata'. She is the recipient of numerous awards, such as the 2019 Award for Excellence from the Board of Trustees of Clemson University and the 2018 Global Innovation Contest by LGChem.
